At the 2015 AGM members asked for a means of skippers buying a place or places on their boats to be used by guests. The Committee implemented an arrangement where a place could be purchased for the cost of a racing membership subscription.

For 2016, in order to further develop 707 sailing, the Committee proposes to look at arrangements permitting visiting 707s to race with our 707 fleet at a cost which is not prohibitive. Members are asked to agree to the Committee doing so.
